<b>Summary of decisions or actions requested (including timing):</b> <b>Consider whether to continue holding councillor surgeries</b>	
<b>Financial implications: Room hire</b>	
<b>Communications: Usual forms of publicity</b>	

The 3-month trial of councillor surgeries has now ended.

The surgeries were held between September and November 2023 with an additional one being held at the Christmas market in December.

The most popular surgeries (in terms of attendance) were the ones held at the markets leading to the obvious conclusion that there is higher footfall at organised events.

Proposal:

- These surgeries are continued but every two months (February and April).
- The decision is then revisited in May/June after the new Council is elected.
